

Woof! Woof! At Your Service student worksheet

Name a local business you have been to: _____

Explain what this business sells: _____

Tell what each of these businesses sells:

- a grocery store sells _____
- a clothing store sells _____
- a jewelry store sells _____
- a restaurant sells _____
- a toy store sells _____
- a book store sells _____
- a gas station sells _____

Some businesses sell “goods”, material objects that you can touch, just like in the examples above.

Other businesses sell “services”, or help from people who are experienced in that line of work.

Tell what each of these businesses sells:

- a dry cleaner sells _____
- a janitorial service sells _____
- a lawn care business sells _____
- a pet sitting business sells _____
- a bank sells _____
- an auto repair business sells _____
- an airline sells _____
- a day care sells _____

Woof! Woof! At Your Service student worksheet

Activity 1:

Many businesses provide both goods and services. One example is a landscaping business, which provides goods (bushes, trees, fertilizer, soil) and services (cutting the lawn, pruning the bushes, planting the flowers).

Watch the slideshow of the daily operation at a kennel. As you watch the slideshow, think about what goods and services the kennel provides. List them in the correct sections of this table:

Goods	Services

Activity 2: Tell whether each of these shows a **good** or a **service**.
