

Making Sounds Lab

With your lab partners:

Please use the materials at your lab station to experiment with the way that instruments make sound. Complete the chart below by writing *striking, stroking, plucking, blowing*

| Instrument Name | How it Makes Sound |
|--|--------------------|
| recorder | |
| triangle | |
| “fish” shaped instrument or wooden scraper | |
| rubber band box | |
| cymbals or tambourine | |

Independently:

Follow your teacher’s instructions to number the lines beside the table.

List a musical instrument that is NOT in the chart that uses each of these ways to make sound:

striking _____

stroking _____

plucking _____

blowing _____
